All,

I received a call from Chad Campbell of Testor's office as well. He had heard we had signed the AOC. I let him know we do not have a signed agreement, although we are close and we still needed to finish up the RI/FS workplan. I told him we would let him know as soon as we could release the information. No further action at this end at this time just an FYI,
Mike

Rebecca,
That sounds fine. We don't have any additional information other than we are currently working to finalize negotiations. Mark

Was it not okay to let him know nothing had been signed as he believed? Apologies if I misspoke. Here's what I sent:

"I'm working on getting you additional information, but it has not yet been signed. "

Thanks for your note. I have been out of the office all day at a Libby meeting w/ WR Grace. I need to confer with the RPM (Mike Cirian) on this, and will get back to you. Mark

Hi Rebecca,

My office just heard a rumor Glencore and EPA signed an Administrative Order of Consent regarding the Columbia Falls Aluminum Company. Can you provide information and a copy of the agreement, if that's accurate?

Thanks,
